

Master of Health Administration Program Mission Statement

The mission of the Master of Health Administration program at Saint Joseph's College of Maine is to provide quality education in health administration and Catholic health leadership for current and future health professionals with two or more years of experience in healthcare or closely related fields. Upon graduation, graduates will possess advanced competencies in health administration to better serve in leadership roles in health organizations.

Vision Statement

The Saint Joseph's College Master of Health Administration program aims to attract committed students of all faiths to equip them for advancement in the health administration field.
